

Who We Are

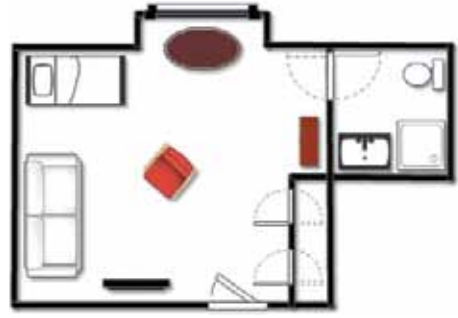

Our mission

We believe that each person is made up of physical, spiritual, and intellectual components which were created by God, and are thus to be esteemed as sacred. Our care nurtures each of these three human elements. God has chosen to make each person a special individual, and we respect the gifts, talents,

needs and creativity of each person. All our employees are trained to provide the highest quality of care and to maintain attitudes which express respect, love, kindness, sympathy, and understanding to our residents in order to preserve the dignity of each individual. We commit ourselves to excellence everyday.

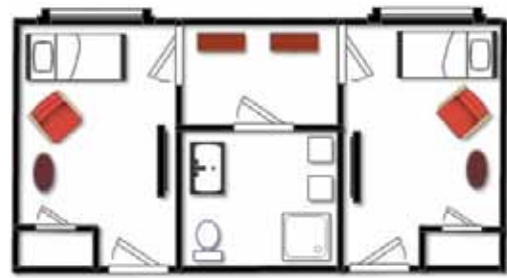

The Rooms

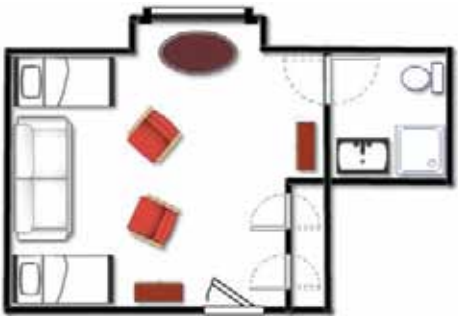

Large private

Residents enjoy a large, spacious living area with private bathroom. The Meadows offers 14 large private rooms.

Small private

Small private rooms give residents the opportunity to have a private living area while sharing a bathroom facility with one other resident.

Semi-private

Residents in semi-private rooms share living space and bath facilities. Sharing a room is a cost effective living option for many couples or friends.

*Approximate floor plans for The Meadows, rooms may vary slightly. Furniture is to scale.

Assisted Living

"The staff is very helpful and attentive to Dad's needs.

The food is wonderful and the staff is friendly and they love to serve people."

Assisted Living Care

Assisted Living care offers the opportunity for residents to remain as independent as they are able while having the peace of mind that personal care and at-

tention is also available. Our Assisted Living program is licensed by the state of Virginia to provide all levels of care. Assisted Living is designed to aid residents with all activities of daily living including bathing, grooming, dressing, personal hygiene and medication management. Our Assisted Living facilities are located in the middle of a senior living community and are a vital part of our neighborhood.

Regular Care

Resident is able to take care of many routine personal needs with minimal supervision. Individuals may be able to dress themselves, but might need help with the buttons.

Residential Care

Resident requires assistance with many activities of daily living (ADLs) such as bathing, grooming and dressing. Resident may be able to perform some ADLs, but needs supervision for most ADLs.

Intense Care

Resident has limited to no mobility and relies fully on others to perform ADLs.
